7- https://github.com/mohamedeissa448/frontEnd-web-app1
8- https://github.com/mohamedeissa448/frontEnd-web-app-2
9- https://github.com/mohamedeissa448/frontEnd-web-App-3
10- https://github.com/mohamedeissa448/frontEnd-web-App-4

Other projects (not websites) :
Cs50 course solutions:
https://github.com/mohamedeissa448/introduction-to-computer-science-cs50-solutions

Build a modern 16bit computer using(hardware descriptive language HDL):
https://github.com/mohamedeissa448/Nand2tetris-part1-solutions

Other projects are on my github account:
https://github.com/mohamedeissa448

Courses:

- Udemy the complete javascript course 2018 (self-study).
- Server-side Development with NodeJS, Express and MongoDB
  by The Hong Kong University of Science and Technology (self-study) on Coursera.
- Various Front-end courses and resources from (Elzero web school, traversy media and the academind YouTube channels) (self-study)
- Front end web developer (Udacity million Arab coder) .
- Arduino diploma

Other Achievements:

- I took part in IEEE MIU internship which is an competition program introduced by (IEEE).

Language Skills:

- Arabic: Native language
- English: Very good

Personal Information:

- Date of birth : 28 - 3 – 1994
- Military Status: Completed
